

Happy Easter

May I extend a very Happy Easter to your family from all of us at Surbiton Children's Centre Nursery.

What a busy term we have had at nursery. Lots of very exciting events and it has been wonderful to watch all the children blossom this term. I've really noticed that their confidence has grown and that they all seem so much more self-assured than they did when they very first started.

Many thanks also for all of the lovely messages of support and congratulations on my secure appointment as head. I am really excited to be able to lead the school and feel very proud of all we have achieved this year so far.

The nursery staff have all been fantastic, the learning environment and the opportunities provided for the children every day, using the child led approach, are proving to have very good results.

We are always striving to improve further and have plans to update and develop our outdoor space. We have created a screening effect with bamboo as a safeguarding whilst the children play outside and plan to have more plants put in over Easter too.

We are also beginning to invite our two year olds to visit the classroom to help with the transition in September. They will spend more of their session within Blue and Yellow class and the garden in readiness for their transition to nursery.

I can't believe how fast this year is going and I'm aware that during the Easter holiday, on April 16th, the older children will be finding out which school they will going to in September.

This can be a very anxious time for families especially if your child's school place offer wasn't your first choice. I am aware that some children may not get offered any school place initially and this can be very worrying. Please call school admissions on 020 8547 4610 if you need any support.

If any parents or carers wish to chat through any concerns about reception places, I will be available on Tuesday 23rd April all day. Please just knock on my office door, or email me: head@sccn.rbksch.org if you have any queries at all. Thanks again for your continued support,

Best wishes

Esther
